

FOR IMMEDIATE RELEASE

RELEASE # 2016-01

**CHATHAM TOWNSHIP COMMITTEE ADVISES RESIDENTS
TO TAKE PRECAUTIONS DURING WINTER STORM JONAS**

*Residents Are Reminded to Call JCP&L If They Lose Power;
Clear A Perimeter Around Fire Hydrants; Remove Cars
From Snow Covered Roadways*

CHATHAM TOWNSHIP, NJ – January 22, 2016 – [The Chatham Township Committee](#) advised residents to take precautions in advance of [Winter Storm Jonas](#) which is expected to arrive late Friday evening and continue through Sunday morning.

Mayor Curt Ritter, speaking on behalf of the Committee, said, “What was expected to be a mild winter has changed as Winter Storm Jonas arrives this evening. Residents should take all necessary precautions to prepare themselves in advance of the storm. We encourage residents to register for *Alert Chatham Township Now!* ([ACT Now!](#)) our Emergency and Community Alert system to ensure that they receive future safety and emergency information in a timely manner.

“Over the course of the storm we ask residents to check on their elderly neighbors, remove all cars from snow covered roadways and consider removing any snow from around fire hydrants to ensure easy access by the Fire Department. As always, should you lose power, please immediately call JCP&L at 1-888-544-4877 so that they are aware of the problem and can work toward restoring power in an expeditious manner.”

As a supplement to the Township's 'ACT Now!' system, residents are also reminded to "Like" the Township Committee's official Facebook page at www.facebook.com/chathamtownshipgovernment and "Follow" the Township Committee on Twitter at www.twitter.com/ChathamTownship.

Residents can find winter safety tips on the Township Facebook page and at <http://rdcrss.org/1aG0E7E>

REPORTING POWER OUTAGES

Residents should report power outages to [JCP&L](#) by:

- **Phone:** 1-888-LIGHTSS (1-888-544-4877)
- **Online:** <http://bit.ly/MrUGTg>
- **Text:** Text OUT to 544487 (register first by texting REG to 544487 (LIGHTS) to get started.)
- **App:** Download the free JCP&L app for your Apple® iPhone® and Android™ smartphone - use the keyword "FirstEnergy" to locate the apps in the online store.

POWER OUTAGE UPDATES

Residents can view updated information on JCP&L's outages, their storm restoration process and tips for staying safe, by visiting <http://outages.firstenergycorp.com/nj.html>

DOWNED WIRES

Residents should report downed wires to 1-888-544-4877 or to the Police or Fire Department -- never go near a downed power line, even if you think it is no longer carrying electricity.

HOME PREPARATION

Residents are encouraged to prepare for the possibility of outages caused by winter storms:

- Keep a flashlight and extra batteries handy. Use care when burning candles; open flames are a fire hazard.
- Gather extra blankets or a sleeping bag for each person. Do not use gas stoves, kerosene heaters or other open-flame heat sources to prevent deadly carbon monoxide gas from building up in your home.
- If you have a water well and pump, keep an emergency supply of bottled water and/or fill your bathtub with fresh water.
- Stock an emergency supply of convenience foods that do not require cooking.

- Keep a battery-powered radio with extra batteries on hand. Tune to a local station for current storm information.
- Have a hard-wired telephone or a charged cell phone handy in the event you need to report your electricity is out. Mobile phones can be charged in your vehicle using a car charger when the power is out. If you have a smart phone, this will ensure you have access to online information sources.

About Chatham Township

Chatham Township is located in Morris County New Jersey. It has approximately 11,000 residents and nearly 4,000 households. Individuals interested in receiving emergency and community alerts can visit www.chathamtownship-nj.gov/resident-communications.html and can learn more about Chatham Township at www.chathamtownship-nj.gov
