

FOR IMMEDIATE RELEASE

RELEASE # 2016-11

CHATHAM TOWNSHIP LAUNCHES NEWLY REDESIGNED WEBSITE

Offers Streamlined Menus, Simplified Navigation, a Responsive Layout For All Platforms, and More Resources and Information on Chatham Township Services Designed to Foster Improved Communications With Residents

CHATHAM TOWNSHIP, NJ – October 31, 2016 – [The Chatham Township Committee](#) today launched a newly redesigned website, www.chathamtownship-nj.gov, that is intended to create a more user friendly experience following a series of improvements and enhancements. Many of the improvements were derived from responses to the Township Committee's [website redesign survey](#) of residents and local businesses from earlier this year.

[Chatham Township Mayor Curt Ritter](#), speaking on behalf of the Township Committee, said, "We are pleased to launch this new website as we continue our efforts to improve communications with our residents. After surveying residents earlier this year we were able to create a website that better meets their needs. We encourage all residents to visit and explore the new website which was built with a responsive design layout to enhance viewing capabilities on mobile and tablet devices. The website also features easier navigation, a more visual layout, and new content and resources. In addition to the new website, we also remind residents to stay connected on social media and follow us on [Facebook](#) and [Twitter](#). As communications with our residents remains paramount, the new website provides residents information on the important issues in the Township, while providing them easier access to the many services available to them."

The new website features sections dedicated to News & Alerts, Frequently Accessed Pages, Public Service Resources, and Township Recognitions. In an effort to provide more timely content the homepage now features a direct feed to the Township's [Facebook](#) page. In addition, several pages were created to offer residents resources and answers to their most pressing questions, including "[I'm Interested In](#)," "[Useful Links](#)," and "[Frequently Asked Questions](#)."

The Township Committee welcomes suggestions on how to further improve the website and residents are encouraged to contact the Communications Committee at communications@chathamtownship-nj.gov

Editor's Note:

Follow us on [Facebook](#) and [Twitter](#). Register for *Alert Chatham Township Now! (ACT Now!)*, the Township's Emergency & Community Alert system at chathamtownship-nj.gov.
